

General Information

Venue – Accommodation

Royal Myconian Hotel, Elia Bay
84600 Mykonos, Greece
Phone: +30 (0)228 907 20 00
Web: www.myconiancollection.gr

The IDKD course is held at the Royal Myconian Imperial Resort on Elia Bay at a distance of 10 km from the airport and from Mykonos village. It is recommended to participants who want to be right on the spot and enjoy the beautiful beach. Five additional sister hotels are located in Mykonos village: the elegant boutique style Ambassador Hotel and the young-at-heart Myconian K hotels. Hotel buses will circulate regularly between the hotels. Daily round trip transfers are included. Please make your hotel reservation online through the reservation form on www.idkd.org.

Travel

There are direct regular- or charter-flights to Mykonos or to Athens and onward-flights by Olympic or Aegean airlines (30 min). Or fast-boat transfer (2 h) from Rafina port (taxi-drive 30 min from Athens airport).

Social Program

Social events will include a Welcome Reception and a Greek Evening. A full-day tour to the archaeological sight of Delos will be organized for accompanying persons on Friday (requirement: 15 participants for private tour operation).

IDKD on the Internet

Visit our website at www.idkd.org.
Information is regularly updated.

Local Organization

IDKD Greece Office, Athens
E-Mail: ametaksak@med.uoa.gr

Duration

Thursday, September 27 through to Sunday,
September 30 noon.

Registration

Registrations are accepted online at
www.idkd.org starting April 1st 2012.

Registration Fees (in €)

Registration fees include the full teaching program, the electronic course syllabus, two luncheons, all coffee breaks and the welcome reception.

	Regular	Residents
Early (before August 15):	€ 590.–	€ 380.–
Standard:	€ 690.–	€ 480.–

Diseases of the Heart and Chest

September 27–30, 2012
Mykonos, Greece

An Interactive Course in Diagnostic Imaging
Preliminary Program

IDKD offers interactive, organ-based teaching workshops with annually changing topics.

Concept

IDKD – International Diagnostic Course Davos – offers interactive teaching workshops presented by a highly qualified International Faculty. The annually changing courses are organ-based with the topics: Brain, Head & Neck and Spine – Heart and Chest – Abdomen & Pelvis – Musculoskeletal. IDKD is offering courses in Davos, Switzerland, in Mykonos, Greece and in Hong Kong, China.

IDKD 2012 in Greece will be run as an intensive course, featuring 14 workshops covering imaging of diseases of the heart and chest. During the workshops, participants study and discuss the case material. Teachers then guide the participants through the cases, discuss the differential diagnosis, present additional material and ask questions. Teachers can easily be approached during breaks to individually discuss unsolved problems. Participants will be divided into groups of approximately 50 and can bring their own laptop (PC or Mac) to the workshops for case viewing on a USB stick provided. Moreover the teachers will present their cases in a video loop on the classroom VCR projector. In addition to the workshops, “hot topics” in radiology, new developments and overviews including interventional techniques will be discussed in highlight lectures and demonstrated during practical workshops presented by experts. Lunch seminars organized by various companies will also be held.

Organisation

Directors

Juerg Hodler, Zurich
Gustav K. von Schulthess, Zurich
Christoph L. Zollikofer, Kilchberg (Zurich)

Local Board

Antonios Drevelegas, Thessaloniki
Ioannis Fezoulidis, Larissa
Apostolos Karantanas, Crete
Dimitrios Kelekis, Athens, Chairman

Scientific Program

Workshops

- 1. Plain Film and CT Diagnosis of the Adult Mediastinum and Hilum: Pitfalls vs. Disease**
Sanjeev Bhalla, St. Louis (US)
- 2. A Systemic Approach to Chest X-Ray Analysis**
Sanjeev Bhalla, St. Louis (US)
- 3. Current Approach to Acute and Chronic Airway Disease**
Philippe Grenier, Paris (F)
- 4. HRCT Patterns in Diffuse Lung Disease: Diagnostic Approach**
Philippe Grenier, Paris (F)
- 5. Imaging of Pulmonary Infections**
Philip C. Goodman, Durham (US)
- 6. Acute Cardiopulmonary Disease: Trauma and ICU**
Philip C. Goodman, Durham (US)
- 7. Current Concepts in Diagnosis and Staging of Lung Cancer**
Theresa C. McCloud, Boston (US)
- 8. Plain Film and HRCT Diagnosis of Interstitial Lung Disease**
Theresa C. McCloud, Boston (US)
- 9. Chest Manifestations of Systemic Diseases**
Cornelia M. Schaefer-Prokop, Hilversum (NL)
- 10. Diseases of the Chest Wall, Pleura and Diaphragm**
Cornelia M. Schaefer-Prokop, Hilversum (NL)
- 11. Morphologic Cardiac and Pericardiac Imaging with CT and MR for the Chest Radiologist**
Albert de Roos, Leiden (NL)
- 12. CT and MR in Heart Failure**
Albert de Roos, Leiden (NL)
- 13. CT Diagnosis and Management of Focal Lung Disease**
Ioannis Vlahos, London (UK)
- 14. Modern Diagnosis in the Evaluation of Pulmonary Vascular Disease**
Ioannis Vlahos, London (UK)

Lectures

- 1. Current Issues in Lung Cancer Treatment**
Walter Weder, Zürich (CH)
- 2. Management of superior vena cava obstructions**
Christoph L. Zollikofer, Zurich (CH)
- 3. NN**
Ioannis Vlahos, London (UK)
- 4. NN**
NN

Syllabus

The IDKD Syllabus produced for the Davos course is included in the registration fee. It is provided in electronic form on the same USB stick as the workshop cases and gives an overview of current imaging of heart and chest diseases.

IDKD Online Cases

Participants will receive a login and password allowing online access to more than 80 well-documented teaching cases stored in the IDKD online database.

CME Credits

European CME credits have been applied for and will be announced on the web at www.idkd.org. We expect to obtain approximately 21 CME credit hours.

Exhibition

An exhibition of selected imaging industries will present relevant technical information and expert advice.
