Reservations

17 - 18 November 2017
Austria Trend Hotel, Ljubljana

ORGANISING COMMITTEE:

Katarina Šurlan Popovič, Maja Marolt Mušič, Vladka Salapura, Peter Popovič,
Aleš Koren

ORGANISERS

Department of Radiology, Medical Faculty, University of Ljubljana
Slovenian Association of Radiology
Institute ERA

Austria Trend Hotel

17 November 2017

20.00 Gala Dinner Austria Trend Hotel

18 November 2017

Registration 08.30 - 09.00

09.00 – 10.45 Moderators: M. Ukmar, K. Hausegger

09.00 – 09.15 Prof.dr. Vladimir Jevtič and Alpe Adria
(plenary lecture)
K. Šurlan Popovič
Clinical institute of radiology, University medical center
Ljubljana

09.15 – 09.30 CT perfusion in acute ischemic stroke: radiologic-
clinical correlation
R. Pozzi-Mucelli, A. Purpuri, I. Zorzenon, L. Bottaro,
M. Ukmar, M. Assunta Cova
Department of Radiology, University of Trieste

09.30 – 09.45 Emergency room imaging procedures in a tertiary
pediatric traumacenter
K. Waschnig, A. Turkaj, G. Cicero, R. Coroiu, E. Sorantin
Clinical Division of Paediatric Radiology, Department of
Radiology, Medical University Graz

09.45 – 10.00 MRI in neuropediatrics - Infectious Diseases
A. Tripalo Batoš, T. Grmoja, I. Jukić, L. Dominković,
T. Subotić, G. Roić
Pediatric Radiology Department, Children's Hospital Zagreb

10.00 – 10.15 Stent-PTA of stenoses and occlusions of the SFA in
combination with a drug eluting balloon: Results
from a prospective randomized trial (Freeway)
J. Haller, L. De Paoli, H. Illiasch, M. Niedermayer, J. Tacke,
K. Hausegger

10.15 – 10.30 Interventional procedures on A-V fistulas in patients
on haemodialysis
L. Tkalčić, S. Kovačić, D. Kuhelj
Department of Radiology, KBC Rijeka

10.30 – 10.45 Percutaneous mechanical thrombectomy in patients
with high-risk pulmonary embolism and
contraindications for thrombolytic therapy
R. Dežman, M. Bunc, P. Popovič
Clinical institute of radiology, University medical center
Ljubljana

10.45 – 11.15 Coffee break

11.15 – 12.15 Moderators: P. Popovič, R. Pozzi Mucelli

11.15 – 11.30 Diagnostic performance of multiparametric MRI to
detect prostate cancer with computer-aided
diagnosis system
M. Pontello¹, C. Cicero², M. Bertolotto¹, E. Alberiol², A. Celia³,
M. Assunta Cova¹, A. Guarise²
¹Department of Radiology, University of Trieste
²Department of Radiology, Bassano del Grappa
³Department of Urology, Bassano del Grappa

11.30 – 11.45 CT urography – our experience
D. Dodig, I. Žuža
Department of Radiology, KBC Rijeka

11.45 – 12.00 Pancreatic adenocarcinoma smaller or larger than 2
cm: accuracy of CT in measuring tumor diameter and
comparison of imaging features
R. Negrelli, A. Rossi, G.A. Zamboni, M. Ambrosetti, R. Pozzi
Mucelli
Radiology department, University hospital Verona

12.00 – 12.15 MR features of paraduodenal pancreatitis and
differential diagnosis with ductal adenocarcinoma
E. Boninsegna, R. Negrelli, G.A. Zamboni, R. Pozzi Mucelli
Radiology department, University hospital Verona

12.15 – 13.15 Moderators: V. Salapura, G. Roić

12.15 – 12.30 The role of HEAD ultrasound in hemophylic
arthropathy.
D. Plut, B. Faganel Kotnik, I. Zupan, D. Ključevšek,
G. Vidmar, V. Salapura
Clinical institute of radiology, University medical center
Ljubljana

12.30 – 12.45 Humoral primary immunodeficiencies: chest HRCT
findings and correlation with clinical features
E. Zanelli, L. Cereser, P. D'angelo, A. Dallorto, R. Girometti,
C. Zuiani
Institute of Diagnostic Radiology, Department of Medicine,
University of Udine

12.45 – 13.00 Native T1 mapping: prospects in cardiac magnetic
resonance imaging
G. Adelsmayr, M. Fuchsjäger, U. Reiter
Clinical Division of General Radiology, Department of
Radiology, Medical University Graz

13.00 – 13.15 Dynamic diaphragmatic MRI during apnea struggle
phase in elite breath-hold divers
T. Batinić
Department of Radiology, KBC Split

13.30 Lunch
