

**3rd SCHOOL OF
CARDIAC
DIAGNOSTICS**

SCHOOL OF CARDIAC DIAGNOSTICS
endorsed by

Dear Colleagues,

We are inviting to the **3rd School of Cardiac Diagnostics** from January 30 - February 3, 2019. The school will take place at "Hotel Union Executive" in Ljubljana / Slovenia.

Following practical and scientific topics will be covered:

- Clinical use and some technical aspects of CT, MR, ECHO, PET and SPECT
- Use of various contrast agents with some current issues inclusively pre- and intra-diagnostic medication
- Established and some new aspects of cardiac hemodynamics, ischemic heart disease inclusively dynamic myocardial perfusion and its regulation, MR- myocardial viability and tissue characterization, cardiomyopathies, pericardial diseases, congenital and acquired cardio-vascular and valvular diseases and some minimal invasive therapeutic approaches, 4D-Flow using MR or CT
- Participation in real cardiac CT and – MR studies at the Medical University of Ljubljana
- Interactive reading sessions with experts – invited speakers
- Case studies from participants

You can find the Preliminary Program [here](#).

For a good interaction between audience and Faculty the maximum number of guest-participants is limited to 30.

The € 600 registration fee includes lectures, school-material, lunch, dinner and two coffee breaks per day. Accommodation is not included but rooms are available at a reduced price at Grand Hotel Union**** .

The course has been endorsed by ESCR. Also, participants will obtain CME credits - the exact number will be known later. You can register via email: info@cardiac-diagnostics.com.

We look forward to receiving your application and welcoming you in Ljubljana.

Sincerely

School Directors:
Maja Pirnat and Rainer Rienmueller

Organizing Committee:
Maja Marolt Mušič, Dimitrij Kuhelj, Mitja Ruprecht, Maja Pirnat, Pavel Berden, Slavica Ponarac, Dejen Vrzel, Andrej Sirmik

to really understand the heart
